

CI/CD for UdaPeople Project

By implementing CI/CD for UdaPeople:

1. Reduce Code
2. Avoid Cost
3. Increase Revenue
4. Protect Revenue

1. Reduce Cost

- Less developer time on issues from new developer code
- Less infrastructure costs from unused resources

2. Avoid Cost

- Prevent embarrassing or costly security holes
- Less human error, Faster deployments

3. Increase Revenue

- New value-generating features released more quickly
- Less time to market

4. Protect Revenue

- Reduced downtime from a deploy-related crash or major bug
- Quick undo to return production to working state
